E-Consent Authorization

I wish to participate in the screening program being offered by US Wellness. By signing this consent form, I understand that I am requesting and agree to allow US Wellness to perform the screening.

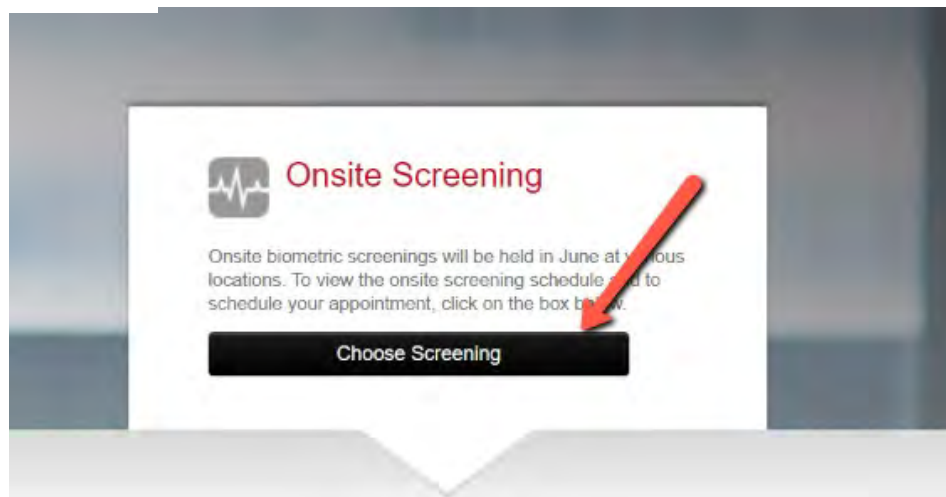

- I understand that a screening does not replace a consultation, physical examination, or evaluation from my physician or other appropriate healthcare provider and will not necessarily protect me from disease.
- I understand that this screening may generate an inaccurate result. I will discuss my screening results with my physician and will not use my result as an indicator for medication dosing, such as insulin.
- I understand that the recommendation to contact my physician about the result of the screening is not a medical diagnosis or assessment of good health as only my own physician can make such a judgment and more information would be needed to establish or rule out a diagnosis or assessment of good health.
- I understand that I am responsible for any follow-up examinations with my physician that may be indicated from the results of this screening.
- I understand that any genetic information collected by US Wellness will be treated as strictly confidential in accordance with requirements of the Genetic Information Nondiscrimination Act of 2008 (GINA).

I hereby release US Wellness and all other organizations involved in this program and their affiliated and subsidiary companies, officers, employees, agents and contractors, and all of their past and present officers, and the successors of each, from any liability and responsibility for any and all manner of actions, causes of action, (individual and class), claims or demands of any kind, in law or in equity including, but not limited to any injury, loss, or death sustained from or arising as a result of this screening program and any claim that this screening failed to identify or incorrectly identified a health condition.

I understand that any individually identifiable health information about me obtained in the course of this screening may be collected and maintained by US Wellness. I authorize US Wellness to share my individually identifiable health information with third party vendors engaged or designated by my employer to: (a) inform me of relevant health related and health education programs, (b) administer any incentive offered by my employer or for the purpose of providing wellness services and analysis. I understand that my information will not be shared with my employer. I authorize that US Wellness may contact me and that my information will be managed in accordance with the uses and disclosures permitted of covered entities under the federal HIPAA Privacy Rule. I may revoke this authorization through written communication to privacy@uswellness.com. Revocation of this consent will apply to data sharing that has not yet occurred at the time of the revocation. By signing below, I acknowledge that I have read, understand, and accept all of the statements on this consent form.

SIGNATURE AUTHORIZATION: By clicking the “Accept” button below, I am signifying that I have read understand and agree to the uses and disclosures of the information as described
